## Bookmark It! Handcrafted Bookmarks Testimonials

*Hey TaNisha, the bookmarks you made for Kim's bookstore (Between the Lines Bookstore LLC in Baton Rouge, LA) are simply fabulous! You did a super job with them, and thanks so much for supporting her!*  
Kimberla Lawson Roby - National Bestselling Author

*I received the bookmarks 2day & I LOVE them. They're exactly what I wanted. Thanks for getting them to me so quickly.*  
Jean Holloway ~ Author

*I was one of TaNisha's first recipients of her fabulous bookmarks and became an "instant" customer and fan of her fantastic and beautiful bookmarks. I grace my books with them and have given bookmarks away to special people who love to read. Everyone I have given a bookmark to have just "raved" and said how lovely or beautiful they were and they were so happy to receive the handmade present. Her color combinations with ribbon and beads are truly beautiful. I have to give these bookmarks a "rave" review. When you see them they make you smile!*  
Dorothylee S. Hans ~ Customer

*These are soooo beautiful. I just love mine TaNisha. I have many unique and unusual bookmarks but I promise you this one fits my books the best and I can leave it in - I don't have to move it around when I'm reading - I hate that.. everyone should have one or two or three :-)*  
Terri E. Williams ~ Customer

*I can testify to the fact that these bookmarks are beautifully made and every reader should have one!*  
Ebony Farashuu - Award winning author and poet; Co-founder of EKG Literary Magazine

*Product was even better than it appeared in the online catalogue. Quality workmanship.*

## About Us

Bookmark It! Handcrafted Bookmarks is the brainchild of TaNisha Webb, president of the KC Girlfriends Book Club. The concept for the company came about in 2009 while making appreciation gifts for her guests at a literary event.
